REDINGTON & CO.'S

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing a highly concentrated form of the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.
As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of either of any kind.
It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.
It is also a valuable remedy for those who are riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Weakness, Nervousness, Faintness, palpitations, loss of memory, and slight, discharges from the body, Urthra on going to stool or making water, the Intellectual Faculties are weakened, Loss of Memory, causes, Ideas are clouded and there is a disinclination to attend to business, or even to reading, religion or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened, and sleep disturbed by dreams, melancholy, sighing, palpitations, fainting, coughs and slow fever; while some have external rheumatic pains, and numbness of the body. INSURMOUNTABLE DIFFICULTIES.—The disadvantages of having "too much of a good thing" is well illustrated in the case of the Paris World's Fair Committee in this city and the big tree of Calaveras, a section of which they had proposed to send to the exhibition. They find, on investigation, that \$500 to \$1,000 at least would be required to cut out the section desired, and that is not all. The section cut across the grain including a people of bark, when cut down to three inches in thickness—the least thickness which could be relied on to hold together under any stress, no matter how well guarded—would still weigh the enormous amount of 90,000 pounds avoirdupois or four and one-half tons. To move such a block is the next thing to impossible, and the difficulties in the way of the execution of the project seem almost insurmountable. The Committee have not yet decided on the matter definitely, but the chances are strongly against the project being carried out. *Alta*

CHINESE SCHOOL.—Many of our readers may not be aware that since July last there has been in operation in this city a school for the instruction of Chinese in reading and writing English. The school, which has thus far been very successful, numbers forty or fifty pupils. The scholars meet every Sunday evening between six and seven o'clock in the basement of the Sixth Street Methodist church. A number of ladies of that congregation take great pride and pleasure in so instructing the heathen and paving the way for inculcating the theories and beauties of Christianity. The scholars are, almost without exception, we believe, servants in families, and they love their studies and advance rapidly. Certainly home missionaries are as important as foreign for charity begins at home, or should do so. —*See*

THE EMPIRE STATE OF THE WEST.—Illinois correspondence of the Boston Watchman gives the annexed exhibit of the resources and productions of the Empire State of the West, as it is now justly entitled: "Illinois strikingly exhibits the growth of the West. During the last fifteen years it has outstripped all its sister Commonwealths. In ten years, from 1850 to 1860, the increase of its population was 860,000. It has 35,000,000 acres of land, of which 30,000,000 are tillable. Last year it produced one-fifth as much grain as all the States in 1860, yet not one-sixth of its lands are under cultivation. It is estimated that its present agricultural products support 6,000,000 of people; that being the case, it will one day supply bread, etc., for 36,000,000! Its corn crop last year was 177,000,000 bushels; its wheat, 35,266,700; and its oats, 28,088,000 bushels.

TEMPERANCE.—In his speech at the recent Temperance Convention at Boston, in regard to the difficulty of refusing to drink with friends, Senator Wilson said he had never met with any trouble. In 1844, when he visited Washington with petitions from 60,000 citizens of Massachusetts, protesting against the annexation of Texas, Mr. Adams gave a dinner in his house. On this occasion Mr. Adams asked him to join him in a glass of wine. He felt embarrassed to say no, but he said to Mr. Adams, "I never drink wine." That settled the question so far as he was concerned, and he had no difficulty since, though he had sat at the table with members of the Cabinet and Ministers of State.

ATTEMPTED ROBBERY.—While two gentlemen, from Grass Valley, were on their way to Rough & Ready, Wednesday evening, the 21st, and when near Randolph Flat, two men stepped out into the road for the purpose of committing a robbery. Fortunately one of the gentlemen in the buggy had a pistol in his hand cocked, which the robbers didn't seem to like the looks of. The foot-pads merely said "go on"—and our friends went on without further molestation. —*Nevada Transcript.*

FARE TO THE EAST.—The first cabin to St. Nazaire and return to San Francisco, costs \$485 80, exclusive of railroad fare, which is \$50. First cabin fare from New York to Liverpool, in the Cunard Line, is \$132 50; Inman Line, \$80. Fare from San Francisco to New York, by steamer of the 30th instant in, first cabin, outside, \$232 50; inside, \$182.

FARE TO CHINA.—The rates of passage on the Colorado, the first of the line to start January 1, 1867, are advertised in New York, as follows: San Francisco to Yokohama—first cabin, \$250; second cabin, \$170; steerage, \$65. San Francisco to Hongkong first cabin, \$300; second cabin, \$200; steerage, \$100.

WINE PRODUCT.—The Marysville Appeal publishes a list of ten vine growers in Yuba county whose gross wine manufacture will amount to 97,000 gallons for the current year. The Wilmington Journal estimates the wine product of Los Angeles county for the present season at one million gallons.

The Great Eradicator of Special Complaints, form of Laceration, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S Experience is of forty years' standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the Limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr. TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra. Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its results. The worst cases cured in a few days.

Real Diseases. As their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your health, there will be no danger to your children that terrible disease known as Scrofula.

Syphilitic Diseases. As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the different countries do not doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas. Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and I think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old and experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disorder and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia. And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and I think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old and experienced one, or one who has recently settled among you?

Seminal Weakness. Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs, Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Foreboding, Self-distrust, and an aversion to society, call on Dr. TOZER at once, and he will restore you to perfect health.

To Females. When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Periods, Sterility, and all those diseases peculiar to females, consult Dr. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and death.

A Grateful Acknowledgment to Skillful Gentlemen

Dr. Chas. H. Tozer—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped down and remained, stopping the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to leave the country, and before going, by your advice, I had a case taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and an iron set in it. My eternal thanks are due to you and Dr. DEMAREST for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, S. S. T.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S

Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Scrofula and all Sexual Disorders.

TO THE AFFLICTED.

Dr. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse: Gonorrhea, Gleet, Stricture, Nocturnal and Diurnal emissions, Sexual Discharges, Diseases of the Back and Loin, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable manner, and has the highest standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and at the lowest price.

Dr. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to bear testimony to his skill and the success of his treatment. It will be seen that the statements are fully authenticated by a Notary Public.

The welfare of society imperiously demands their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited, during a practice of more than fifteen years.

Dr. DOHERTY'S Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgment for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing these Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles), I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever cured me of my disease. My Gleet is wholly cured. Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunate who require medical advice, if you have any doubt as to whom you may employ, ask Dr. DOHERTY for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease, I used a large amount of the preparation advertised as an infallible cure for Gonorrhea, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,

San Francisco, June 16, 1894.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhea.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. DOHERTY, alone induced me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhea," or Seminal Weakness, the result of self-abuse, but till 1895 experienced but little relief or improvement. In that year, however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptoms as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted to such an extent as to seriously impair my memory.

My ideas were confused and spirits depressed. I was unable to work, and was entirely unfit for any of the duties of life. From 1895 to the summer of 1896, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had almost concluded there was no relief for me in this world, but seeing Dr. DOHERTY'S advertisement, I sought for consultation. I had an interview with Dr. DOHERTY at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles, and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself

Subscribed and sworn to before me, this 15th day of January, A. D. 1894.

[L. S.] A. G. RANDALL, Notary Public.

To Females.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases peculiar to females, they should write once to the celebrated female doctor, W. K. DOHERTY, his Medical Institute, and consult him about their troubles and diseases. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, apply immediately and save yourself from painful sufferings and premature death. All married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. DOHERTY'S Medical Institute, and they will receive every possible relief and help. The Doctor's office are so arranged that he can be consulted without fear of observation.

To Correspondents. Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. DOHERTY on their respective cases, and who think proper to submit a written statement of such cases, in preference to a personal interview, are respectfully assured that their communications will be held most sacred, and that all letters are only opened and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be superseded, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no purpose of the letter or parcel so transmitted. Consultation at the office gratis. Permanent cure guaranteed or no pay. Address, W. K. DOHERTY, M. D., San Francisco, California.
